THE EAGLE VILLAGE ASSESSMENT CENTER

One of only a few assessment centers in Michigan, our facility comprehensively reviews the history and current well-being of boys and girls, ages 8-17, who suffer from mental health and behavioral issues.

This 30–90 day program will evaluate educational, medical and emotional needs with a full bio-psycho-social assessment and trauma screening. Each child will leave with a prescribed course of action that will help stabilize them in their home environment as quickly as possible.

The Program Includes:

- Weekly family and individual therapy
- Experienced staff with a 1:4 ratio
- In-depth training on coping skills to help youth learn how to self-regulate
- Victors Edge Resiliency Training to teach youth how to control their responses to situations and find their own success
- Unique activities to be used for treatment such as indoor and outdoor high ropes courses, climbing wall, and a sensory room
- Weekly on-campus Chapel services and access to our campus pastor, if desired
- Schooling services on-site at the Assessment Center
- Full medication review
- Family team meetings within 30 days of intake
- A multidisciplinary team review of assessments to create an individualized discharge plan and recommendations for each child
